- Removable backplane ( I/O and Fan ) allows exchange and allocation upon your choices

Our T-Series Copier Tower let you exchange CD/DVD or Hard Disk drive without disassembling your case. InforDock Tech Corp. realizes that intensive use of optical drives succumb to wear and tear and requires frequent replacement on the new drives. T-Series Copier Tower is the new generation bringing disk duplication to an outstanding level. Copier Tower with aluminum cooling case plus up to three warm air outtake cooling fans are sure to run comfortably within the enclosed environment in the long term. The extractable drive trays allow removal and replacement of any defective drive fast & easily, cutting down all unnecessary labor and heavy burdens of duplicator maintenance.
